

SUBJECT: Changing your dial-up phone number
PLATFORM: Windows Me

Open Dial-Up Networking

From the Windows Me Desktop

1. Double-click on the **My Computer** icon.
2. In the new window, double-click on **Control Panel**.
3. Finally, double-click on **Dial-Up Networking**.

Changing the Phone Number

Right-click on the **paradise** dialler, and then left-click on **Properties**.

Delete the existing Telephone number.

In **Telephone number**, type:

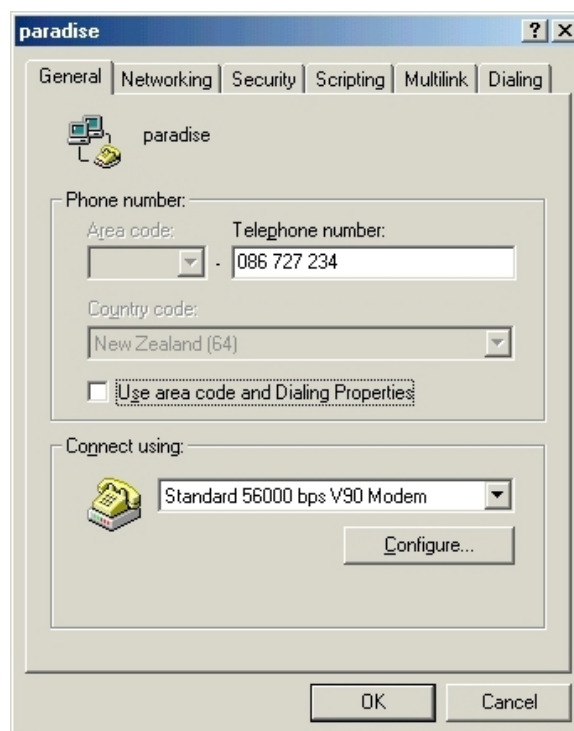

086 727 234

Hot Tip! If you have Call Waiting and would like to disable it temporarily, then just prefix the number with either *52 (for Telecom) or #29 (if you are connecting from Wellington or Christchurch and your phone number starts with 9).

Click **OK** and close the **Dial-up Networking** window.

Congratulations!

You have now changed your paradise.net dial-up number.
